Haldimand County Grandview Lodge

Comfort. Compassion. Care.

COVID-19 Outbreak Declared – October 17, 2022

Hello Residents, Family and Friends of Grandview,

As of October 12th a COVID-19 Outbreak has been declared. The affected unit is Creekview.

Currently, we have five (5) positive residents - (rapid antigen test confirmed waiting and we are waiting on PCR results). Creekview is on reverse isolation protocol as per Public Health guidelines. **We have restricted visiting to essential caregivers only in Creek View.**

No other restrictions are in place at this time and we anticipate the outbreak to be declared over on October 26, 2022. Additional correspondence will be shared with any significant changes.

We also want to remind everyone that the variant is out there and that it remains highly transmissible so please exercise caution when visiting the home. If you believe you "have a cold" please stay home until you are symptom free, continue to wash your hands, comply with wearing a surgical mask at all times while visiting in the home and remember to arrive ahead of time in order to complete the rapid antigen testing requirements.

Please continue to strictly adhere to infection prevention and control measures that are in place to keep our residents, staff and families safe.

If you would like to become an essential caregiver please contact Taylor Reichheld at treichheld@haldimandcounty.on.ca or (905) 774-7547, ext. 2229.

Thank you for your continued support and cooperation.

Taylor Reichheld
Infection Prevention & Control Coordinator
