

# Withdrawal of Notice of Master Plan Completion Cayuga Master Servicing Plan Update

Please be advised that Haldimand County has formally withdrawn its Notice of Master Plan for the Municipal Class Environmental Assessment (MCEA) undertaken to update the Cayuga Master Servicing Plan (MSP). This study was conducted according to the requirements of Phases 1 and 2 of the Municipal Engineers Association MCEA process, which is an approved process under the Environmental Assessment Act. This Master Plan was completed with sufficient detail to fulfill the requirements for Schedule 'B' projects.

The purpose of this study was to update the four (4) servicing components (water, wastewater, stormwater, transportation) of the previous Cayuga MSP to reflect updated land use and growth forecasts in the study area. The updated MSP is intended to guide future infrastructure projects in the community. It followed a comprehensive, sound and open planning process with two formal public information centres (January 28<sup>th</sup>, 2025, and June 18<sup>th</sup>, 2025) to gather input from stakeholders, rightsholders, and residents.

On November 4<sup>th</sup>, 2025, Haldimand County issued the Notice of Master Plan for review of the Project File Report. Since issuing the Notice, it was determined that additional time was required to conclude consultation matters and address comments within the study report. As a result, Haldimand is formally withdrawing its Notice of Master Plan for the study.
