

Notice of Public Open House No. 2

Dunnville Master Servicing Plan Update

Haldimand County has initiated a Municipal Class Environmental Assessment (MCEA) to update the Master Servicing Plan (MSP) prepared in 2009 for the community of Dunnville.

PROJECT BACKGROUND

The purpose of this study is to update the four (4) servicing components of the previous Dunnville MSP to reflect updated land use and growth forecasts in the study area. The updated MSP will guide future infrastructure projects in the community.

As part of Phase 2 of this MSP, the County is developing a set of water, wastewater, stormwater, and transportation infrastructure improvements required for future servicing needs, as well as proposed phasing for the implementation of these infrastructure servicing projects. The proposed infrastructure alternatives may have an impact on stakeholders, rightsholders, and residents, therefore, consultation continues to be a key element of the process. Existing conditions (Phase 1) were previously presented during Public Open House No. 1.

PUBLIC OPEN HOUSE

The second Public Open House is being held to present future conditions, proposed servicing alternatives, and gather input from stakeholders, rightsholders, and residents. All those interested in the project are invited to attend Public Open House No. 2:

Date: May 14, 2025

Time: 4 p.m. to 6 p.m.

Location: Dunnville Community Lifespan Centre, 275 Ramsey Drive, Dunnville, ON

HOW DO I GET MORE INFORMATION?

All those interested in the project are invited to view the project information on the County's website: "[Dunnville Master Servicing Plan Update](#)" (opens in web browser). A mailing list for notification of study status and opportunities for public input is being compiled. If you wish to add your contact information to the Dunnville Master Servicing Plan study mailing list, or if you have any questions regarding the study, please contact one of the people listed below.

Haldimand County is conducting this study according to the requirements of Phase 1 and 2 of the Municipal Class Environmental Assessment process which is an approved process under the Environmental Assessment Act. This Master Plan is being completed with sufficient detail to fulfill the requirements for Schedule 'B' projects (Approach 2). Haldimand County will collect information in accordance with the Municipal Freedom of Information and Protection of Privacy Act. Except for personal information, all comments will become part of the public record. If you have any accessibility requirements to participate in this project, please contact a project team member listed above.
