PLACE: Boardroom

Present: Marie Glaves, Valerie Eckersley, Phyllis Williamson,
Walter Noonan, Jane McConachie, Eric Weston, Amy Appel,
Karli Pottruff, Ed Little

Regrets: Carol Horner, Glenda Toll

Review of Previous Minutes - March 28th, 2019

BUSINESS ARISING FROM THE MINUTES:

➤ Music in the dining room

The residents present at the council meeting would like to have low volume, background music in the dining room during meal service. They would like a variety of genres including Christian music.

➤ Treasurer's Report

Amy checked the status of the Residents' Council funds and we're at approximately \$7700.

➤ Easter Egg Hunt Donation

Thank you to Residents' Council for the donation towards the egg hunt; it was a great success! A reminder that residents are welcome to volunteer to help with activities/events within the home.

NEW BUSINESS:

1. New Programs Supervisor – Amy Appel

Amy introduced herself to the residents present at the council meeting. She came from Edgewater Gardens in Dunnville and is familiar with long term care. She looks forward to being here at Grandview.

2. Residents Bill of Rights

Amy likes to pick one or two resident rights to review every council meeting to ensure all rights are being followed and respected. If residents feel their rights are being violated they are to see Amy or another staff member immediately.

Council had a brief discussion regarding:

- 1) Residents right to have visitors and
- 2) Residents right to access and practice their spiritual/religious beliefs

3. Upcoming Events

Memorial Planting – This is in memory of Grandview members who have passed away. We show a slideshow in the Auditorium followed by a planting service in our Centennial Gardens. All family and friends are welcome. Exact date TBD by Amy (but sometime in June).

4. Recreational Outings/Activities

A Resident suggested outings on the river boat (Caledonia) and to Port Dalhousie. Amy will look into this.

A resident suggested getting some fitness equipment; Amy will look into this. She's going to see if we're able to borrow a wheelchair assessable bicycle from Edgewater.

Residents were reminded that we have beautiful gardens for walks during the nice weather. Perhaps we could plan some group walks to the Mudcat. Residents are also welcome to attend community programs here

at the home such as Warm Up Haldimand, Sit to Be Fit, Mind in Motion and Laughter Yoga.

ADJOURNMENT: Meeting adjourned at 11:00 a.m.
