

OVERVIEW

The Haldimand County Interactive Zoning Map provides zoning information on an individual property basis. Any user can identify a property's zone, and if there is a holding, special provision, or hazard overlay on their property.

USING THE APP

Search for a property

Search for any property in Haldimand County using the street address or by roll number, when a civic address doesn't exist.

Legend

The Legend depicts the various zoning elements (layers) within the map.

Layer List

The Layer List can be used to turn on or off various layers within the map. Expanding the layer will show the corresponding symbology. If a layer is off it will not be reflected in the legend.

Filter

The Filter Tool allows you to select the Zone Type(s) you would like to view. You may select more than one designation at a time (i.e. Residential and Industrial Zones).

Measure

The Measure Tool allows the user to measure the area of a polygon, length of a line, or find the coordinates of a point on the map.

Basemap Gallery

Different basemaps may be selected depending on what ground information is of interest (Imagery, topographic, navigational).

Draw

Add basic graphics and text to customize your map.

Bookmarks

If you are looking for a specific area you can zoom to any one of the Count's urban areas including: Caledonia, Cayuga, Dunnville. Hagersville, Jarvis & Townsend.

Print

Print the current display of the map. The title and paper size can be altered based on preference.
