

Costume Design Activity

Once you have picked a monologue and used the character creation activity, you can design a costume for your character! Use the prompts below to help you come up with an idea, and then print the next sheet and use pencils, pens, crayons or markers to draw your costume design!

What would my character wear?

What colours best represent them?

Which hairstyle would they have?

What accessories might they have, and how might they be used in the monologue?

How can I match my character's personality to their outfit?

Is my character fancy or casual?
